

Dear Members,

The Golf Season is in full swing and we have enjoyed some fantastic weather. It's hard to believe it is already June and we are just getting started with events. In May, we had our Opening Day, Pups Paws & Pars, Bucks & Does, Intermediate Night and our first Family Fun Night.

As you read below, you will see details for the month of June regarding upcoming events that will affect play, new events, Junior Golf and much more!

One thing we strive to do, is come up with new, fun and exciting things for you, the members. If you follow the club on Facebook or the Golf Shop on Instagram, you would have noticed we have developed a segment we are calling, Golf Shop Shorts. This "short" segment focused on the driving range, how to properly practice and take a divot. We plan to do many segments this year on an array of golf topics from club fitting to lesson tips to proper cart driving. The next episode will be coming very shortly but if you missed our first, the links are below. You can click the link or copy and paste these into your website browser.

Local Rules (2021)

These rules are as follow:

- **Stroke and Distance-Out of Bounds**: The club has adopted this USGA suggestion for out of bounds and a detailed description will be posted on the bulletin board and in the locker rooms. If you hit your ball out of bounds or end up losing a ball, you may take stroke and distance on the course, rather than from the tee box. You must decide where your ball went out of bounds or is likely to be lost, find the nearest edge of the fairway, no closer to the hole and drop your ball within two club lengths. You may drop your ball in the actual fairway, and you will be hitting your fourth(4th) stroke. The goal will be to increase pace of play.
- **Out of Bounds on holes #5 & #17**: The out of bounds stakes are no longer and the inside edge of the fence post will act as the out of bounds. A ball is out of bounds when all the ball is outside the edge of the fence.
- **Modified Ground Under Repair on #1 & #2**: The rough area in between holes #1 & #2, up until the 100-yard marker will be deemed Ground Under Repair. The rule will be modified as you may find the nearest “good lie” and place your ball. This rule will be in effect to limit hitting tree roots and rocks left behind from the tree removal project.

If you have any questions about what is listed above, questions about new product for the year, corporate orders, or anything else, feel free to shoot me an email.
