

Dear Members,

In my last newsletter, I mentioned after the 4th of July, time flies by and it sure has. It was a very busy July, and it shows with rounds being 2,000 more year to date than 2020.

In the month of July, we partied with our Margaritaville themed Member-Member, had a Christmas in July with our Bucks & Does, crowned our Queen Bee/Lady Bug and named a Senior Club Champion.

August will be filled with many more events and hopefully just as good of weather as we had for July! We can't wait to glow up the course for our Family Glow Golf, mysteriously hold our Bucks & Does Mystery Night and run our last Intermediate Night of the year, our Drink Around the World Invitational.

Our cart ruling information is posted below but we have seen many instances of improper cart traffic and/or placement on the course. Please be aware the cart ruling for the day and when you drive to the green, drive your golf cart back to the path/yellow markings and have all (4) wheels on the path.

A few examples of improper driving are: The right side of #6, behind the green on #9, to the left side on #11 or anywhere other than the path on #17.

As always, if you have any questions from what is listed above or below, please call the Golf Shop or email me. We hope to see you out on the course!

Course Information

- Please be aware of our golf cart rules for each day's play. These are posted in the top plaque of the cart as well as the sign by #1 tee. Yellow lines have been painted on the cart path of each hole. When you see these lines, please return your cart to the path. All carts are to remain on the path on all par 3's.
- The following days the Golf Course will be closed and/or tee times will be blocked until later in the day for events/outings.

Local Rules (2021)

These rules are as follow:

- **Stroke and Distance-Out of Bounds**: The club has adopted this USGA suggestion for out of bounds and a detailed description will be posted on the bulletin board and in the

locker rooms. If you hit your ball out of bounds or end up losing a ball, you may take stroke and distance on the course, rather than from the tee box. You must decide where your ball went out of bounds or is likely to be lost, find the nearest edge of the fairway, no closer to the hole and drop your ball within two club lengths. You may drop your ball in the actual fairway, and you will be hitting your fourth(4th) stroke. The goal will be to increase pace of play.

- **Out of Bounds on holes #5 & #17**: The out of bounds stakes are no longer and the inside edge of the fence post will act as the out of bounds. A ball is out of bounds when all the ball is outside the edge of the fence.
- **Modified Ground Under Repair on #1 & #2**: The rough area in between holes #1 & #2, up until the 100-yard marker will be deemed Ground Under Repair. The rule will be modified as you may find the nearest “good lie” and place your ball. This rule will be in effect to limit hitting tree roots and rocks left behind from the tree removal project.

If you have any questions about what is listed above, questions about new product for the year, corporate orders, or anything else, feel free to shoot me an email.
